November 14, 2009 - It's a Starry, Starry, Night !

Explore the stars and our universe at Wicomico County's only planetarium.

Parkside H.S.

10 am—Noon

Mr. Tony Goodyear
Parkside H.S.

January 23, 2010 - Game Maker

An introduction to programming in general and the Alice "object oriented" language in particular. This allows you, with no programming experience, to create characters and objects in a virtual (computer world) environment much like a modern animated film or video graphic.

Salisbury M.S.

10 am—Noon

Dr. Sonia Wang
Salisbury Univ.

February 13, 2010 - Building Bridges to the Future

Explore basic engineering principles of shape, materials and forces, all necessary in designing a structurally sound bridge. Will yours hold up to the test?

Salisbury M.S.

10 am—Noon

Heather Smith
Becker Morgan

March 13, 2010 - There's no place like home!

Meet at the Educational Center to Explore animal habitats and endangered species. Learn how animals adapt to their surroundings for protection and survival.
