

# FAMILY CONNECTIVITY 2022

## Important Links

Beginning July 1, 2022, WCPS will no longer distribute hotspots to students and staff. Since the Fall of 2021, several subsidy programs have been created by the Federal Government and Maryland-Governor Hogan to assist qualifying families as they acquire their own home internet services. The following is a list of important internet links to connect families to those resources. Please direct all questions to the vendors listed, government agency, or your community agency.

### USAC AFFORDABLE CONNECTIVITY BENEFIT - ACP (REPLACES FEDERAL EBB)

Use this link to learn how to get a \$30 deduction on your home internet service.

Link: <https://acpbenefit.org/>

### MARYLAND STATE GOVERNMENT - MD EBB (MARYLAND'S EMERGENCY BROADBAND BENEFIT)

MD Office of Statewide Broadband (maryland.gov)

Use this link to learn how to get a \$15 deduction on your home internet service.

This is in addition to the Federal reimbursement of \$30

## FREE or low-cost high-speed Internet may be available

If you or someone you know is struggling to provide Internet for school, work, or everyday life, the Federal Affordable Connectivity Program and Maryland Emergency Broadband Benefit Program may be able to help. These government programs now grant qualified households up to \$50 towards monthly Internet bills.

The grant is available to qualified, new and existing customers across several service providers in Wicomico County.

Eligible applicants may include (but are not limited to) individuals who receive SNAP benefits, students who participate in the National School Lunch Program or receive a Pell Grant, individuals on Medicaid, and those on Veteran Pensions. Visit the links above to check eligibility and sign up for the program today.
