When a student clicks this link they will be prompted to enter their name, email and password and submit it. Then go to your email, and find the email from Give Lively. You will need to click on the link in the email to verify your email address. When you click that link you will automatically be taken to a page to finalize their campaign page with a photo of themselves and write a note about why they are volunteering, and to log back in. You must log back in to create the campaign page. They can set their fundraising goal whatever you like.

- All the information a volunteer needs to complete their volunteer work is contained in the toolkit. They should read the entire toolkit to learn about what they need to do to volunteer and also to learn about autism and become an ally to the autism community.
- Thank you again for volunteering.
