Hood College (Frederick, Maryland)

Virtual Tours & Admission Information:

Currently we are offering both a virtual tour and limited in-person tours. The virtual tour operates through our online interactive map. This session will be led by an admission counselor. The counselor will interview the student to get to know more about their interests academically, athletically, and socially. Then the counselor will lead a tour through our interactive map which includes informational videos on each portion of campus. The link to

register for the virtual tour can be found here under “video chat with admission staff”:

<https://www.hood.edu/virtual-visits>

The interactive map including informational videos can be found here:

https://map.hood.edu/#!UMAP_2014031260093.

Currently, our in-person tours are being offered weekdays at 9am, 11am, 1pm, and 3pm. These tours are limited to one family per time slot and masks and social distancing policies are being followed. The tour takes place entirely outside except for entering our Whittaker Campus Center. We are working on increasing the availability of in-person tours, but as of now this is the option that we have to offer. More information and a link to register for the in-person tour can be found here: <https://www.hood.edu/campus-visit-options>.

First-Year students can apply to Hood College through the Common Application or through the Hood College Application. Applications are live on August 1st and we begin reading applications in mid-October. We operate on a rolling basis and offer about a two week turnaround time from submitting the application and required materials to a decision being made. For our application we require the completed application form, which includes an essay, and the student’s official high school transcript. We recommend applying before March 1; however, we will continue to evaluate applications submitted after March 1 on a space-available basis. We pride ourselves on making a highly individualized admission process as we know each student has a unique high school experience.
