SECONDARY SUMMER TRANSPORTATION INFORMATION

DEAR PARENTS,

The vehicles listed below will be utilized for the 2021 Secondary Summer School being held at the Schumaker Complex at Parkside High School. The bus arrival times to the Schumaker Complex are anticipated to be from 8:45 a.m. until 9:00 a.m. Students will be dismissed at 1:00 PM and the vehicles will depart school upon being loaded.

This program will begin on Monday, July 12, 2021. The program will end on Thursday, August 5, 2021. **The program days of operation will be Monday through Thursday.**

School bus transportation will be provided to and from pick up locations at various Wicomico County Schools throughout the county. Please be reminded that the supervision of students coming to, waiting at and leaving from these established stops is a parental responsibility. Vehicle assignments have been made based on the address information that has been provided by the school. You may call the bus contractors/drivers listed below to verify any information; however, most information has been provided for you. If there was incorrect information or a need to make changes, please notify the school **not the bus contractor/driver**. The school will then forward that information to the appropriate parties. ***The times indicated in parenthesis () are approximate and students should expect the bus 5-10 minutes earlier or later. The first time is for pick up and the second time is for drop off. Due to a very tight schedule, vehicles will load what students are present at the stops when they arrive, load, and immediately depart. The same will occur in the afternoons, vehicles will need to drop off students and depart due to other routing commitments.***

The following vehicles will pick up and drop off students at schools listed below:
