The Wicomico County Board of Education recognizes that families are their children's first teachers and that they function as educators throughout their child's lives. More than thirty years of research show that student academic success and high self-esteem are closely related to family engagement in education from pre-kindergarten through high school. East Salisbury Elementary School also believes that the education of our children is a shared responsibility. Involvement by the school, the family and the community creates a stronger educational system and improves the quality of life for the students, their families and the entire community of Wicomico County. The school system as well as individual schools make the commitment to establish programs and practices that create a climate of mutual trust and respect and that support family engagement.

## PARENT ADVISORY COUNCIL (PAC) MEETINGS

East Salisbury Elementary School Parent Advisory Council (PAC) meetings are held twice a year at the school. Parents, families, staff members, and administrators are invited to attend. The following topics are jointly discussed and reviewed with parents and families at the PAC meetings:

- Title I Program
- Title I Family Engagement Plan and Budget
- Partners in Learning Compact
- Student Data
- Family Engagement Activities.

Parents and families provide input on professional development for teachers as it relates to understanding the school community and family engagement. At PAC meetings, parents and families provide input about the Family Engagement Brochure and the Compact. Revisions are made to those documents based on parents' feedback.

## COORDINATION AND SUPPORT

Program coordination and technical assistance for Title I schools in planning and implementing effective family engagement activities will be provided through the efforts of the Title I Supervisor, the Title I Family Engagement Specialist, and Title I Family Involvement Paraprofessional. East Salisbury's Intervention Teachers provide classroom support, individualized instructional materials, enrichment programs, remediation and meet regularly with PAC throughout the year.

## EAST SALISBURY FAMILY NIGHTS

East Salisbury holds two Family Night's for students and their families based on academic standards. The goal of the family nights are to reinforce skills currently being taught in the classroom. This is achieved by using games, manipulatives and family participation. Each family will receive materials to take home to continue to help their child master these skills. In addition, dinner is served. Transportation, interpreters, and child care is provided based upon need.
